For full details of all the apprenticeships we offer, see our full-time and apprenticeships course

What is an apprenticeship?

Apprenticeships give you the chance to learn on the job, instead of in the classroom. You will be assessed on an ongoing basis, with some exams and end point assessments. Apprenticeships involve either day release to BCoT or personal tutoring within your workplace.

Why do an apprenticeship?

Apprenticeships are an excellent way of gaining recognised qualifications, workplace experience and skills, while earning a salary.

All information correct as of April 2021.
