Level 3 - Understanding Autism

Course Overview

- ◆ Our free and flexible distance learning courses are a great way to build your CV and demonstrate your commitment to continued professional development. Subject to eligibility, this course is free if you do not already hold a Level 3 qualification or equivalent.
- ◆ All of our distance learning courses are learner-led and you do not need to be in employment to study. This qualification will equip learners with the skills needed to work in care/social services, making it ideal for those who want to progress in the health and social care sector.
- ◆ You will study via an online portfolio using a range of supplied resources. An individual tutor will be allocated to you, and they will support you throughout your learning journey. This course can be started at any time and learning can be undertaken at your own pace following submission deadlines.
- ◆ Throughout the course you will learn how to adopt a positive approach to supporting individuals with autism, the current legislative framework relating to individuals with autism and how different theories have developed over time, and how to support and manage transitions for individuals with autism.
- ◆ At the end of the course you will achieve a nationally recognised Level 3 Certificate in Understanding Autism qualification.
